

**NOTICE OF INTENT TO APPROVE
PRETREATMENT PROGRAM MODIFICATION
CITY OF MARSHALL
MO-0032883**

DATE: December 13, 2019

In accordance with the state Clean Water Law, Chapter 644, RSMo and the Federal Clean Water Act, the City of Marshall has an approved pretreatment program to meet the requirements of 40 CFR Part 403 and 10 CSR 20-6.100. The Department of Natural Resources (MDNR), as Approval Authority, has reviewed the proposed program modifications and intends to grant its approval as required by 40 CFR 403.18 and 10 CSR 20-6.100.

The city is proposing to adopt the U.S. Environmental Protection Agency's (EPA's) 2005 amendments to the federal General Pretreatment Regulation at 40 CFR 403. Modifications to the sewer use ordinance (SUO) and enforcement response plan (ERP) that incorporate the revisions to a federal rule are non-substantial changes, as stated in the publication of the 2005 Streamlining Rule in the Federal Registry at 70 FR 60187 and in 40 CFR 403.18(b)(1). The pretreatment program changes were designated substantial modifications because the city's 1) revision to its ERP and SUO were beyond the scope of required 2005 Streamlining Rule changes to the program, and 2) modification to its SUO included updated local limits after conducting a detailed local limit analysis that is part of this program modification. These changes could have a significant impact on the operation of the program, pursuant to 40 CFR 403.18(b)(7).

Interested parties may review the proposed program at the Department of Natural Resources, 1101 Riverside Drive, Jefferson City, MO; or at the City of Marshall, City Hall, 75 East Morgan St, Marshall, MO 65340-2151. Copies of the pretreatment program submission and other information including copies of applicable regulations are available for inspection and copying at MDNR's Website: <http://www.dnr.mo.gov/env/wpp/pretreatment.htm>

Persons wishing to comment on the proposed pretreatment program are invited to submit them in writing to: Missouri Department of Natural Resources, Water Protection Program, P.O. Box 176, Jefferson City, MO 65102, ATTN: Industrial Pretreatment Coordinator. Email comments will be accepted at the following address: todd.blanc@dnr.mo.gov. **Please include the permit number in all comment letters.**

Comments should be confined to the issues relating to the proposed action. The MDNR may not consider as relevant comments or objections based on issues outside the authority of the Missouri Clean Water Commission. All comments must be received or postmarked by 5:00 p.m. on January 13, 2020, MDNR will consider all written comments, including emails, faxes and letters, in the final determinations regarding the approval. The notice of request for approval under §403.11(b)(1) states that the request will be approved without change if no substantive comments are received by a date specified in the notice.
