Crawford retires from MMU after 33 years

January 3, 2023: Carl Crawford, Electric Production Director at Marshall Municipal Utilities, will conclude his career with MMU when he retires January 6, 2023 with over 33 years of service.

Crawford’s career with MMU began in December 1989. He held a number of maintenance positions before being promoted to Maintenance Supervisor in 2007. Crawford went on to become MMU’s Electric Production Director in March 2017. Crawford and his wife, Ty, live in Marshall. His retirement plans include building a new shop, some traveling, and most importantly, spending more time with his grandchildren and family.
